

# Feline First Aid Checklist & Contacts

Remember to first **SECURE, ASSESS, CALL** a vet, and then **TREAT**..

## Primary Vet Information

<b>Clinic Name:</b>		<b>Phone Number:</b>	
<b>Address:</b>			

## Emergency Vet Information

<b>Clinic Name:</b>		<b>Phone Number:</b>	
<b>Address:</b>			

## First Aid Checklist

- Disposable gloves
- Small flashlight
- Bite-proof gloves
- Absorbent gauze pads [large and small]
- Sterile, non-stick gauze wrap
- Flexible bandage wrap
- Adhesive bandage tape
- Cotton balls
- Cotton swabs
- Oral syringe
- Soft cone-of-shame [use to prevent licking wounds - use only if vet approves]
- Towels/blankets
- Povidone iodine wipes or swabs [use to disinfect cat wounds and sterilize supplies]
- Styptic powder [anti-hemorrhagic that slows minor bleeding]
- Sterile saline solution [for rinsing wounds]
- Instant cold compress packs
- Small bottle of distilled water [for drinking]
- Liquid, dye-free children's Benadryl
- Safety scissors [with blunt end]
- Tweezers [with blunt end]
- Collapsible pet food/water dish [only give food/water IF vet-approved]

***NEVER use*** alcohol/alcohol prep pads, human eye drops/ointments, OTC antibiotic ointments, or any other non-vet approved medications on your cat!
